WORK EXPERIENCE

Cloudstaff • Angeles City, Pampanga

Digital Marketing Manager • February 2025 - July 2026

- Led project implementation of paid media strategy from scratch — planning campaign structure and budget allocation across Google and Meta, then executing ongoing optimization based on weekly performance data.
- Improved email newsletter open rates from 80% to 92% by redesigning copy structure and send-time scheduling.
- Designed and updated website content and graphics across multiple client accounts, maintaining consistent brand standards and site freshness.
- Managed online marketing pipeline — coordinating deliverables and follow-ups across campaigns to maintain momentum and secure timely responses.
- Maintained and updated product listings on client Shopify store, ensuring accuracy across multiple languages, titles, descriptions, and pricing.

Justin Thompson Media • McMinnville, Tennessee (Remote)

Virtual assistant / Web Developer • February 2023 – July 2025

- Led planning and execution of website migration from Squarespace to WordPress, defining content, SEO, and structural requirements to avoid ranking/traffic loss during cutover.
- Built and launched 2 more custom WordPress websites with CSS and JavaScript optimisations, achieving optimal load times.

- Improved mobile responsiveness and UX across all builds, reducing reported usability issues.
- Assisted influencer and vendor outreach for promotions and lead-generation campaigns, managing contact lists and follow-up sequences.
- Managed client databases and streamlined data workflows, ensuring accuracy of records across tools.
- Edited wedding videos using Adobe Premiere Pro, improving production turnaround time.

Finda Team • Sydney, Australia (Remote)

Junior Developer • March 2021 – December 2021

- Conducted discovery calls with clients to define feature requirements and scope delivery timelines; then planned, built and launched responsive custom-coded WordPress websites with cross-device performance.
- Implemented on-page SEO best practices during builds, contributing to improved client search rankings.
- Set up LearnDash and WooCommerce platforms for e-learning clients.

Clark Outsourcing • Clark, Pampanga

SEO / PPC Specialist • September 2019 – March 2021

- Defined project scope and build plan for a from-scratch Wordpress website rebuild, structuring the client's website to support upcoming SEO and paid ads strategies.
- Managed Google and social media paid campaigns at \$1,200/month in ad spend, generating an 80% increase in website traffic across two consecutive campaigns over 3–8 months.
- Maintained WordPress websites and produced SEO-optimised content and graphics for ongoing campaigns.
- Scheduled and managed social media content calendars to support consistent brand visibility and audience engagement.

Cornerstone Business Solutions • Clark, Pampanga

Virtual Marketing Assistant • April 2016 – July 2017

- Managed social media content calendars and WordPress site updates for multiple clients.
- Led influencer outreach to bloggers and creators for co-marketing and content-amplification campaigns.
- Edited podcasts and produced graphics for use across social platforms.

Web Biz Networks LLC • St Louis Park, Minneapolis (Remote)

Virtual Marketing Assistant • October 2014 – July 2015

- Managed social media strategies across Facebook, Twitter, and LinkedIn for multiple brands.
- Maintained WordPress sites and conducted keyword research to support SEO and campaign planning.

EDUCATION

STI College Angeles

Bachelor of Science in Information Technology | 2007 – 2009
